You are invited to review the additional rooms available along with indicating your own choice or area of interest. One-half of your gift can be designated for a specific program or purpose. Several of our donors have specified scholarships, PI Program and books for our libraries.

Invitation to Invest in Quality Education

You are invited to reach beyond your lifetime and provide opportunities for future generations. By making provisions for the Friends of Chimacum Schools Education Foundation, you guarantee the future of continuing quality education within our Chimacum School District (student scholarships, educator grants, and programs not covered by our district budget).

Ways of Planned Giving: Current gifts include cash, stock, and marketable real estate (donors are able to see immediate results and to receive charitable tax deductions). Deferred gifts include trusts, life insurance/IRA's retirement plans and wills (donors specify FOCS as a beneficiary; specific or percentage bequest; contingent bequest; and or restricted bequest).

Your gifts provide significant opportunities to minimize federal, state, gift and estate taxes, increasing your potential for a wider distribution of your assets. Thank you for assisting FOCS to implement its mission and to remain strong and financially independent.

Since 1999, FOCS has awarded \$23,500 in scholarships; \$4,120 in educator grants; and \$33,910 in school programs. Each of your contributions are appreciated and valued!

iGive.com

iGive.com is a totally free resource for individuals and their charities. iGive.com changes online shopping into philanthropy by allowing individuals to support any charity or worthy cause with a percentage of their online shopping. There are over 650 nationally known online merchants (including Barnes & Noble, Dell, Lands' End, Office Max, JC Penny, Netflix, Staples...). The vision of iGive.com is that "in the near future, all consumer transactions will contain a percentage that benefits causes close to home". A joinLink has been created for FOCS. Just click on <http://www.iGive.com/FOCS> to check out this new possible venture.

Recently the Friends of Chimacum Schools donated \$1,000 to the High School Library to begin updating their collection.
